*Horse Show Express* is a  
database with program  
functionality. First you install  
our software and load your  
owner/horse/rider information.  
After that, you simply download  
official horse show entry blanks  
from our website. If you want to  
go to a show not on our website,  
you simply fax us the entry  
blank and we will format it.  
Then all you have to do is click  
on the "Name of Horse" box on  
the entry blank, and a drop  
down menu will fall with all of  
your horses. Just select the  
desired horse and the entry  
blank will automatically fill out.  
It's fast! It's easy!
